Of course! I'm copying Gen O'Sullivan in—our Communications lead—whose team will be rolling out the registration links.

Ann

I know Mike was heading out on vacation—but I didn't know if that was this week or next. I did want to affirm this agenda is acceptable to he and Ed, see if there are any division leads that should be added to the agenda, and ensure that we do have the right names plugged in. Can you check for me on status? We would like to distribute to our Board this afternoon.

Chris

Subject: Draft Dialogue Agenda

Gentlemen and Lady:

Thank you for the discussion on Friday. I am glad that we'll be able to move forward with this dialogue.

Per our discussion, attached is a starting draft of our agenda that mirrors prior years—with a few adjustments. I've taken out the paired presentations on topics, but have set aside 10 minutes for me to give a quick overview of CLA's priorities. I've put in some suggested times and have left open a space for any topics I might have missed? Would certainly welcome your suggestions on reallocating time as you all would see fit.

Please let me know if you have different ideas/topics that you would like to include? I should be available until about 3 PM this afternoon if we do need to chat.

Sincerely,
